When everybody can have their own space,

NON-SMOKERS AND SMOKERS WELCOME

that's a good sign.

Wherever this symbol is displayed, you'll find people dedicated to making you feel welcome. It's the sign of The Accommodation Program. And it means that non-smokers and smokers alike will be accommodated.

The program works because it respects the rights and preferences of both groups.

So whether it's a hotel, bowling center, stadium, or any other establishment, look for this symbol. You'll know that, whatever your preference, there's a space for you.

That's accommodation.
